I Remember by Mary Isis

I remember
I remember who I am
I remember
I remember why I came here

To join forces and unite with my soul family
To sing songs of love and freedom 'til we all are free
To be of service to the One and uplift humanity
To embody all the power that true love can bring

I remember
I remember who I am
I remember
I remember why I came here

To learn and grow with all the seasons of my precious life
To share my gifts and share my love, And to anchor the light
To be kind and to forgive, And to stand up for what's right
To be one with all creation, bringing the shadows to light

More detailed information about Elementals in Allies & Places Powerpoint presentations

Each element (fire, earth, air, water) is proposed to possess sentient energy, a spiritual essence that embodies it's element

Gnomes – North - Earth

The word Gnome comes from the Latin word *gnoma* which means “Knowledge”

The term Gnome is also derived from Latin *genomus* which means “Earth-Dweller”

Gnomes correspond with the earth and all of its aspects. That means foundations of the earth like soil, trees, mountains, plants, roots, etc.

Gnome elementals are associated with the direction of the North on the global compass.

Information on Elementals comes from
Avia at whats-your-sign.com
& Ted Andrews

Sylphs – East - Air

hey are connected with the breath and breathing

Sylphs can give us a boost in our daily life

a deeper sense of connectivity to the skies, air

Spiritual journeying (Sylphs will get you where you need to go)

Assistance in healing (breathe, lungs, respiratory, cilia and cellular repair).

Enhance inspiration, communication and mental clarity (air, and thus Sylphs are the medium for such things).

Salamanders – South – Fire
They rule the element of fire
They hail from the direction South
It's typically agreed they take on a lizard-like form
They are fabled to have taught ancient man how to create and use fire

Undines are energies of the water. There are theories that say undines are present in every drop of water. They are said to protect our water. As they are entities united with water, Undines are governed by the Moon.

They are spirits and protectors of the water world. We could say an Undine is a *personification* of water. Many schools of thought liken Undines to sprites, nymphs and mermaids.

The Four Elements and Their Correspondences

<u>Element</u>	<u>Elemental</u>	<u>King</u>	<u>Archangel</u>
Earth	Gnomes	Gobe	Uriel
Air	Sylphs	Paralda	Raphael
Fire	Salamanders	Jin	Michael
Water	Undines	Nixa	Gabriel

The Four Elements and Their Correspondences

Element	Elemental
Earth	Gnomes
Air	Sylphs
Fire	Salamanders
Water	Undines

Elementals are the building blocks of nature
Close to being true energy and consciousness
(Stimulate a strong definable response in us)
They are 4th dimensional and move as easily
through physical matter as air.

YOUR FIRST NAME

- Your name is an Energy signature, reflecting the play of certain forces within your life
- The vowels are the keys(to determining which elementals you are most harmonious with
- Primary Vowel in your first name (indicates which elemental beings you can align with most easily
- Primary vowel most strongly pronounced
- If more than one vowel, the one that Has the dominant sound
- Other vowels in name indicate other groups of elementals that are secondary in ease of attunement

A = Ether (All 4 groups of Elementals)

I = Fire (Salamanders)

E = Air (Sylphs)

O = Water (Undines)

U = Earth (Gnomes)

Y /Y= Fire /Water (Salamanders & Undines)

YOUR ASTROLOGICAL SIGN

- Element associated with Sun Sign
- Element of your sign in which your Moon at birth appears
- And the Element of the sign which is your Ascendant
- (Sometimes different or duplicates elements)
- (Your birth sign is what you hope to unfold in this lifetime)
- Examine Location of planets and element they are connect with
- The elements connected with these parts of your astrological chart are probably indicative of the elementals easiest for you to connect with
- Still possible to connect with the others for your learning as well important to have balance

- If NAME and ASTROLOGICAL sign elements are the same, this means you may have double your work. If they are opposite it doesn't mean they cancel each other out, it will be your work to harmonize them.
- If you are missing any of the elements then you may need to go out of your way to be around that particular element to consciously attune to the elementals associated with the element.

Communicate with Nature Spirits and Elementals

KINGDOMS OF THE DIVINE

This is just one occult construct. There are many dimensions surrounding and interpenetrating the physical plane. With proper exercise and practice, we can learn to use our own energy systems to connect with the beings of these dimensions.

Planes of Existence	Corresponding Subtle Beings
Divine	Gods Goddesses
Monadic	Great Planetary Spirits
Atmic	Devic Lords Masters
Buddhic/Intuitive	Avatars Adepts
Mental	Archangels
Astral	Great Devas Angels
Etheric/Physical	Nature Spirits Elementals

The Chakras as Disks

These vortices are referred to as chakras on the universal/physical levels. All of Creation for all Cosmic Days is embodied within the 12 Creator Rays. They are "the Word," the Creator's "outward and inward breath," for Creation. You will notice that the Creator's inward breath is highly energized at this point in time.

The Work of Byron Katie

4 questions and a turn around

The four questions

Example: Paul lied to me.

1. Is it true? (Yes or no. If no, move to question 3.)
2. Can you absolutely know that it's true? (Yes or no.)
3. How do you react, what happens, when you believe that thought?
4. Who or what would you be without the thought?

Turn the thought around.

I lied to me.

I lied to Paul.

Paul didn't lie to me.

Paul told me the truth.

As you visualize the situation, contemplate how each turnaround is as true or truer.

COMPASSIONATE LISTENING

Gene Knudsen Hoffman (1919 - 2010)

As Gene originally conceived it, Compassionate Listening requires :

non-judgmental listening and deepening,
non-adversarial questions.

Listeners seek the truth of the person speaking,

Seeing through '**masks of hostility and fear to the sacredness of the individual.**'

Listeners accept what others say as **their perceptions**, and
validate the right to their own perceptions.

In this way, listeners seek to **humanize the 'other'.**

Compassionate Listening can cut through barriers of **defense and mistrust**,

enabling both those listened to and those listening to hear themselves in new light,

to change their opinions, and to **make more informed decisions**.

Through this process, **fear can be reduced**, and participants will be better equipped to discern **how to proceed with effective action**.

Compassionate listening:

- **Be attentive**
- **Focus on listening**
- **Demonstrate interest**
- **Avoid judgment**
- **Be authentic**
- **Monitor your emotions**

Compassionate Listening Tips

Stay present (bring yourself there)

Allow silence (be quiet, just listen)

Don't try to fix it (they are finding their own way)

Use inquiry (would you tell me more about...?)

Witness your judgments (own them!)

Be gentle with yourself (we're all in the same boat)

Don't ask why questions (it can often feel threatening) or if appropriate ask if it is ok to ask a question before asking it this give the speaker the option to say "No" if they just want to be heard

Listen with your heart, not your head feel it)

Use reflective listening (I heard you say...)

Use your intuition!

Remember, the energy of the heart communicates millions of words in silence...just listening is good enough.

- Approach as if you are a visitor
- You are entering another place/space where many beings reside
- Even if you can not see or feel them
- Spirit/connection to source energy comes first
- It is how you will be able to receive information from the other spirits
- If you do this first it not only helps you shield yourself because
- Spirit is present with you and connected to your own presence and consciousness
- It is also more accessible to those who need assistance
- You are not just dealing possibly with beings that are deceased humans
 - Beings that have helped create this place (elements and elementals, deities that reside over
 - These spirits, ancestry through time of the place/space
 - Any aspect of history this place has experienced
 - Any entity or subconscious energy pattern that has been created there

- **Gathering Information:**
- **Observe first without responding**
- **What kind of experiences/events took place on the land/space?**
- **What are the qualities of the land and place that could assist you**
- **Or are natural**
- **Meditate/b**

The 12 Tree Grid is Level 1 of the Lightbody. It is the Architecture of our multidimensional consciousness orientation.

The Core Manifestation Body Foundation: The structure of the macrocosmic Universal Tree of Life is replicated within the microcosmic personal tree of Life, the 12 Tree Grid.

Individual Human anatomy manifests upon and within the multidimensional layers instructed by the core manifestation template – The Tree of Life which is the Lightbody architecture.

Every aspect of the Universal Creation and life spiral are designed and instructed through these Blueprint structures. Learning to travel consciously through the Universal Tree of Life is the pathway to personal sovereignty and freedom GSF.

- Jigsaw puzzle
- Stretch your capacities
- Believe beyond the limits of your own understanding
- Be creative
- Release yourself from the confines of “what is”

Questions:

Avoid “Why?” and Who?

- Tell me more....
- Show me what this sensation or feeling is trying to convey
- What is it connected to? What is behind it? What is the imbalance?
- What do you need?
- What is needed here?
- What needs to be witnessed
- What needs to be given/shown respect
- Is it something connected to the physical?
- Is it connected to the land here or this house?
- Is it connected to a living human?
- Is there a disembodied spirit needing assistance?
- Are there multiple beings/a collective needing assistance?
- Are there connections through multiple life times or timelines?
- Is there an overseer of this energy?
- Is there a curse hex or spell involved?
- Is there an extra-terrestrial energy involved? Or something beyond this planet?
- Use statements like” I am sensing such and such, is my perception correct?”

Release yourself from the confines of “what is”

Points to remember:

- **Imbalance seeks balance**
- **There is always an opposite**
- **You can navigate intensity**
- **Right of free will in any given situation**
- **Power of heart/love energy**
- **Power to witness transformation for another being**
- **Transformation is a WIN WIN WIN**
- **Every being has free will, stay clear of manipulation,**
